

## A+ Certification

The Total Solution to A+ Certification

CD-ROM training n online training n test prep software

The Total Solution to A+ Certification provides a comprehensive study package designed to prepare a computer technician for CompTIA's A+ Certification exam.

The five CD-ROM Total Solution package features:

- n Prerequisite study material to make sure you're ready to begin exam preparation.
- n A prerequisite test to help gauge your level of preparation.
- n More than 24 hours of interactive, multimedia training designed to concentrate on the most important areas of study.
- n More than 1,000 pages of reference material to reinforce classroom, online, or computer-based learning.
- n A simulated, randomized CompTIA A+ certification exam with over 2,000 questions to test what you have learned.

Product features include: easy-to-use navigation, book marking, interactive glossary, real world examples, user guide, pop-up definitions, interactive hands-on lessons, simulations, audio narration, video clips, graphics, animation, screenshots, sound effects, modular design, and much more!

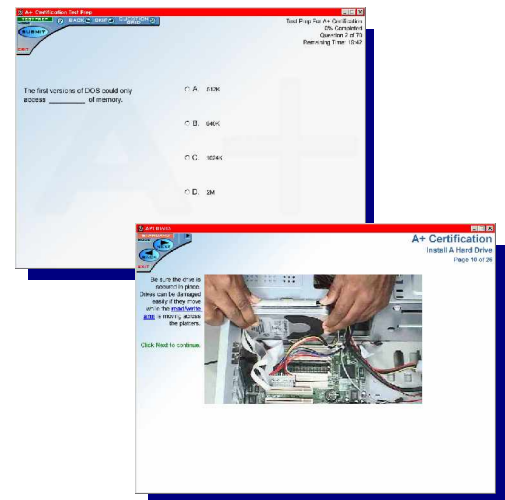

#### Minimum System Requirements:

- Pentium Class or higher CPU, 133 MHZ or faster/Windows Me requires Pentium 150 MHZ processor or better
- 32 MB RAM (Windows 2000 requires 64 MB RAM)
