

RAA Training offers the most user-friendly, cost-effective training solution in the industry with the **How To Master Learning Management System (LMS)**. Our LMS is divided into five different packages so that you can have the system that meets your learning management needs and your budget needs at the same time. As your needs increase, we are here to grow with you. Our **How To Master LMS Diamond Edition** takes your learning management experience further by helping your organization to:

- ü **Save time and money** by automating administrative functions.
- ü **Increase productivity** and effectiveness.
- ü **Reduce time** to administer training.
- ü **Effectively track and report** on training and compare to goals.
- ü **Reduce costs** associated with scheduling conflicts.

Administrator Advantages:

- Launch and track SCORM and AICC content
- Online, real-time reporting
- Print or export reports to a delimited text file
- Online support documentation
- Searchable glossary of terms
- Access context-sensitive help
- Communicate via system messaging
- Schedule, view, and copy the dates, times, and details of calendar entries for all events and appointments
- Send and receive automatic e-mail and system alerts regarding event registration
- Create and edit core and custom tests
- Customizable site, including banner, colors, messages and Web address
- Provide secure permissions-based access with 10 Administrator levels
- Create custom training with the Content Authoring Tool (CAT)
- Collaborate with chat rooms, discussion boards, and file sharing
- Manage and track events (instructor-led training, workshops, seminars)

Student Advantages:

- Simple, easy-to-use interface
- Courses are available 24/7
- Self-paced training
- Searchable content allows for training on specific tasks
- Discussion boards for knowledge sharing with other students and instructors
- Chat rooms for real-time collaboration
- Enter appointments, view, and track event schedules via calendar
- Receive e-mail confirmations when registering for events
- Record results and print Certificates of Completion
