

# Improve Your Learning Environment

With the RAA Training Learning Management System You Can:

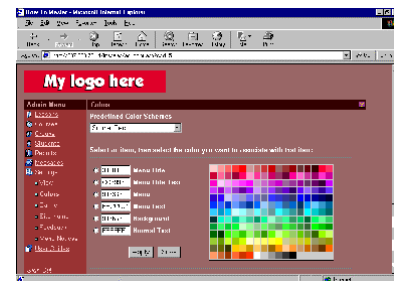

- 1 Monitor Individual Student Progress
- 2 Track Usage of Lessons and Training Time
- 3 Manage Student Training Files and Student Information
- 4 Create Training Groups Based On Any Criteria
- 5 Assign Courses to Individual Students or Groups
- 6 Establish Training Paths and Completion Deadlines
- 7 View Pre- and Post-Test Results and Course Completion Status
- 8 Correspond with Students via System Messaging
- 9 Add Lessons and Design Courses to Meet Your Learners Needs
- 10 Launch and Track Any Compatible Web-delivered Content
